

Crafting Gear

These tools are used to create, repair, or enhance items. Many are required components for crafting disciplines like smithing, alchemy, engineering, or tailoring. Some kits are portable, while others require stationary setups.

Smithing Tools

Hammer — Used for forging and shaping metal. Essential for metalworking.
Anvil — Stationary platform for striking hot metal. May weigh 50+ lbs.
Tongs — Gripping tool for holding heated materials. Prevents burn damage.
Bellows — Stokes a forge or fire. Increases heat rapidly.
Crucible — Holds and melts metal. Used to pour into molds.
Forge (Stationary or Portable) — Generates intense heat. Required for forging and melting.
Files — Smooths metal surfaces. Prepares pieces for fine assembly.
Engineering & Carpentry
Chisel — Carves wood, stone, or bone. Paired with mallet.
Saw — Used to cut lumber and timber cleanly.
Nails (bundle) — Basic fasteners. Required for assembly.
Measuring Tools — Compass, ruler, calipers. Increases crafting precision.
Workbench — Station to organize parts and tools. Portable versions exist.
Pulley Kit — Basic load-bearing tools for lifts, traps, or doors.

Alchemical Supplies

Flasks (Glass or Ceramic) — Containers for liquids, potions, or acids.
Vials — Smaller containers for doses and extracts.
Alembic — Distillation tool for purifying substances.
Mortar & Pestle — Crushes herbs and minerals for use in alchemy.
Herb Pouch — Carries dried ingredients. 6–10 types.
Boiling Pot — Used for brews, dyes, or transmutation.
Infusion Rack — Holds reagents while imbuing items.

Tailoring & Leatherworking

Needle & Thread — Basic stitching for cloth or leather.
Loom Kit — Frame for weaving fabric. Requires stationary setup.
Leather Stretching Frame — Used to dry and shape leather.
Dye Kit — Pigments and fixatives for altering colors.
Awl — Punches holes in fabric or hide.
Pattern Templates — Guides for common gear shapes.

Alchemical Items

Crafted consumables that include potions, bombs, oils, and compounds. Most are created through the Alchemy skill and require ingredients, vials, and catalysts.

Healing & Restoration

Minor Healing Potion — Restores 1d6 + MND HP instantly.
Standard Healing Potion — Restores 2d6 + MND HP.
Major Healing Potion — Restores 4d6 + MND HP. CD: 1 round.
Regeneration Elixir — Gain HPR +2 for 3 rounds.
Stamina Draught — Gain SPR +2 for 3 rounds.
Focus Serum — Gain MPR +2 for 3 rounds.

Offensive Alchemy

Sticky Bomb — 2d6 fire damage in 5-ft radius. Target burns (1d4/round).
Flash Powder — Blinds creatures in 10-ft cone. Save = MND vs SPT.
Acid Flask — 1d6 acid damage per round for 3 rounds. Ignores 4 DR.
Frost Vial — 1d8 cold damage and slows target. SPD -5 for 1 round.
Shock Bottle — 2d4 lightning damage, 1 AP disruption, arcs to 1 target.
Sleep Gas Ampoule — 10-ft radius save or fall asleep for 1 round.

Enhancements & Buffs

Agility Tonic — SPD +10 for 2 turns.
Ironskin Oil — DR +2 for 3 rounds. Applied to armor.
Clarity Drop — +2 to MND-based skill checks for 5 minutes.
Berserker Tincture — +2 melee damage for 3 rounds, -2 defense.
Shadowmist Extract — +4 to Stealth rolls for 1 minute.
True Sight Elixir — See through illusions/invisibility for 3 rounds.

Utility Alchemy

Universal Solvent — Dissolves mundane materials (locks, glue, bindings).
Firestarter Gel — Ignites on contact with air. Used in traps/sabotage.
Binding Slime — Reduces enemy movement by half. Save to escape.
Glow Ink — Marks objects/paths for up to 8 hours. Glows in dark.
Smoke Pellet — Creates 10-ft fog sphere for 1 round. Obscures vision.
