

Dual-Skill Crafting

Some advanced disciplines require equal mastery in two complementary skills. These hybrid professions unlock powerful or rare crafting paths that span multiple domains of expertise. These skills require both skills at the rank you are trying to gain.

Alchemy of Emotion

Governing Stats: MND + SPT

Requires: Alchemy Rank 2, Perfuming Rank 1

Description: The fusion of olfactory alchemy and emotional resonance. This discipline crafts potions, grenades, and stimulants that manipulate or reflect the moods of those nearby.

Rank Benefits

Rank 1: Gain +Rank to crafting rolls involving emotional or mood-based effects.

Rank 2: Potions or bombs may suppress or amplify a single emotion.

Rank 3: Area-of-effect items expand their radius by +5 ft per Rank.

Rank 4: Create items with delayed or proximity-triggered emotional states.

Rank 5: You may combine multiple emotional triggers into a single item; if triggered simultaneously, apply all effects for 1 round before sorting by intensity.

Aural Forging

Governing Stats: SPT + BDY

Requires: Harmonics Rank 1, Smithing Rank 2

Description: Forge gear that resonates with sound, allowing sonic shock, resonance bursts, or rhythm-based effects.

Rank Benefits

Rank 1: Gain +Rank to Aural Forging crafting rolls.

Rank 2: Crafted gear emits sound pulses or resonance auras at +Rank volume or range.

Rank 3: Gear gains +Rank to disrupting concentration or structures (e.g., shatter effects).

Rank 4: You may layer +Rank harmonics into items, causing interference or layered effects.

Rank 5: On critical success, items may echo user actions, trigger sonic blasts, or cancel sound entirely.

Bioware

Governing Stats: BDY + MND

Requires: Alchemy Rank 1, Tanning Rank 2

Description: The integration of alchemical enhancement with organic gear. Bioware crafts self-healing tissues, graftable limbs, and internal augmentations.

Rank Benefits

Rank 1: Gain +Rank to Bioware crafting rolls.

Rank 2: Items gain +Rank to resistance against rot, decay, or biological failure.

Rank 3: May graft organic components into worn gear or directly into the user.

Rank 4: You may embed up to Rank minor self-repairing or reactive functions.

Rank 5: On a critical success, the item becomes semi-living, evolving with user traits or injuries.

Blood-binding

Governing Stats: BDY + MND

Requires: Bonecraft Rank 2, Psionic Imprinting Rank 1

Description: Create items attuned to bloodline, life force, or will, enhancing loyalty and resonance.

Rank Benefits

Rank 1: Gain +Rank to Blood-binding crafting rolls.
Rank 2: Items gain +Rank effectiveness when used by the blooded crafter or bonded user.
Rank 3: May store Rank wounds, emotions, or memories into the object.
Rank 4: Gear reflects HP loss or psychic stress as stored effects or retaliatory damage.
Rank 5: On critical success, item becomes blood-anchored, resisting theft and feeding on enemies.

Candlecraft

Governing Stats: SPT + MND
Requires: Cooking Rank 1, Enchanting Rank 2
Description: Create enchanted candles that store light, spells, or trigger effects through burning.

Rank Benefits

Rank 1: Gain +Rank to Candlecraft crafting rolls.
Rank 2: Candle duration and light radius increase by +Rank.
Rank 3: May embed up to Rank spell charges in wax-form.
Rank 4: Effects may trigger on extinguishing, melting, or scent activation.
Rank 5: On a critical success, candles gain delayed sentience or ambient spell aura while lit.

Celestial Masonry

Governing Stats: BDY + MND
Requires: Masonry Rank 2, Crystallography Rank 1
Description: Construct structures or altars aligned with star-magic or divine resonance.

Rank Benefits

Rank 1: Gain +Rank to Celestial Masonry crafting rolls.
Rank 2: Structures gain +Rank to resist planar shift or divine interference.
Rank 3: May channel star-position bonuses (night vision, time-linked buffs).
Rank 4: Wards activate at +Rank precision based on celestial events.
Rank 5: On critical success, structure draws direct energy from constellations or lunar cycles.

Chrono Glyphs

Governing Stats: MND + SPT
Requires: Rune-Smithing Rank 1, Musical Craft Rank 1
Description: Temporal runes and musical timing systems that trigger effects based on rhythm, delay, or sequence.

Rank Benefits

Rank 1: Gain +Rank to Chrono Glyph crafting rolls.
Rank 2: Glyphs may delay activation by up to Rank rounds or seconds.
Rank 3: Items may link rune effects to beats, tempo, or recurring actions.
Rank 4: May store Rank effects and execute them in cascading rhythm.
Rank 5: Glyphs may alter tempo of real-time effects (slow or hasten activation windows).

Corpsework

Governing Stats: BDY + SPT
Requires: Tanning Rank 2, Mycology Rank 1
Description: Use corpses and fungi to sculpt gear, armor, or walking tools.

Rank Benefits

Rank 1: Gain +Rank to Corpsework crafting rolls.
Rank 2: Items gain +Rank to resist decay or necrotic effects.
Rank 3: Gear may animate briefly with +Rank functionality per rest.

Rank 4: May infuse with reactive traits (scream, rot burst, limb lash).

Rank 5: On critical success, gear becomes semi-undead, gaining autonomous utility or defense.

Draconic Forging

Governing Stats: BDY + MND

Requires: Smithing Rank 2, Alchemy Rank 1

Description: Forging gear using draconic materials such as scale, bone, breathstone, or elemental marrow.

Rank Benefits

Rank 1: Gain +Rank to Draconic Forging crafting rolls.

Rank 2: Items gain +Rank resistance to fire, lightning, or cold depending on draconic origin.

Rank 3: Items gain +Rank to DR against magical creatures or breath attacks.

Rank 4: May embed Rank-scaled elemental effects (e.g., burst, burn, flash)

Rank 5: On a critical success, the gear channels active draconic traits (e.g., roar pulse, fear aura, adaptive breath)

Dreamforging

Governing Stats: MND + SPT

Requires: Inscription Rank 2, Psionic Imprinting Rank 1

Description: Crafting tools and constructs from lucid intent, dreams, and subconscious memory. Items function through mental imprint or dream-state activation.

Rank Benefits

Rank 1: Gain +Rank to Dreamforging crafting rolls.

Rank 2: Dreamforged items may retain up to Rank impressions (memories, emotions, fragments).

Rank 3: Items gain +Rank bonus when activated from sleep, meditation, or memory cue.

Rank 4: May create semi-tangible constructs usable during dreamwalking or mental projection.

Rank 5: On a critical success, item persists across sleep-wake boundaries and may manifest in both planes simultaneously.

Elderglass Smithing

Governing Stats: BDY + MND

Requires: Glassblowing Rank 2, Smithing Rank 1

Description: Creation of reinforced crystalline weapons and magically reactive glass gear that channels light, energy, or splinters with purpose.

Rank Benefits

Rank 1: Gain +Rank to Elderglass crafting rolls.

Rank 2: Crystalline weapons gain +Rank to energy resistance or reflection.

Rank 3: Elderglass items gain +Rank to shatter-triggered effects (e.g., splinter, stun, reflect).

Rank 4: May embed Rank enchantments that trigger on crack, burst, or fracture.

Rank 5: On a critical success, item creates a radiant backlash or mirage effect on break or strike.

Emotionglass

Governing Stats: MND + SPT

Requires: Glassblowing Rank 1, Painting Rank 2

Description: Glass masks, mirrors, and lenses that reflect, store, or distort emotions.

Rank Benefits

Rank 1: Gain +Rank to Emotionglass crafting rolls.

Rank 2: Items display or replicate emotions to observers within +Rank feet.

Rank 3: May deflect or confuse scrying and emotional detection.
Rank 4: Gear reflects intent or mood back on the viewer or wearer.
Rank 5: On critical success, item influences the emotions of others when viewed through or reflected in it.

Inkcraft

Governing Stats: MND + SPT

Requires: Inscription Rank 1, Painting Rank 2

Description: Living inks that react to intent, animate on command, or contain latent spells.

Rank Benefits

Rank 1: Gain +Rank to Inkcraft crafting rolls.

Rank 2: Inked spells or images animate for +Rank rounds.

Rank 3: Writing or illustrations respond to thought or touch.

Rank 4: You may craft +Rank autonomous ink-forms or writing effects.

Rank 5: On a critical success, the ink develops a memory, recording or replaying experiences.

Leyshaping

Governing Stats: MND + SPT

Requires: Dowsing & Rune Channels Rank 2, Rune-Smithing Rank 1

Description: Shape gear and conduits that direct, reroute, or distort ley energy.

Rank Benefits

Rank 1: Gain +Rank to Leyshaping crafting rolls.

Rank 2: Items gain +Rank to resonance with ley lines or arcane fields.

Rank 3: May reroute energy from one source to another (up to Rank strength).

Rank 4: Devices dampen or amplify flow from ley points.

Rank 5: On critical success, gear may open or close temporary nodes, redirecting world magic.

Mirrormancy

Governing Stats: MND + SPT

Requires: Painting Rank 1, Glassblowing Rank 2

Description: Tools, lenses, and mirrored gear that manipulates light, illusion, or perception via reflections and optical layering.

Rank Benefits

Rank 1: Gain +Rank to Mirrormancy crafting rolls.

Rank 2: Reflections may hold or repeat Rank minor visual or audio illusions.

Rank 3: Create mirrors or lenses with Rank resistance to scrying or divination.

Rank 4: May embed up to Rank light- or sound-based effects with direction control.

Rank 5: On a critical success, gear may duplicate user actions, reflect spells, or project decoys.

Mycosculpting

Governing Stats: SPT + BDY

Requires: Gardening Rank 1, Alchemy Rank 2

Description: Growing and shaping fungus-based armor, tools, and living equipment with symbiotic or regenerative properties.

Rank Benefits

Rank 1: Gain +Rank to Mycosculpting crafting rolls.

Rank 2: Fungus-grown gear may regrow 1 HP per day per Rank.

Rank 3: May sculpt fungal tools, weapons, or armor with +Rank DR against poison or rot.

Rank 4: Items may release Rank-radius spore clouds on impact or destruction.

Rank 5: On a critical success, the item may reproduce itself or evolve traits over time.

Netherweaving

Governing Stats: MND + SPT

Requires: Aether Weaving Rank 2, Umbrawork Rank 1

Description: Stitching garments from void, phase-fabric, and dimensional threads.

Rank Benefits

Rank 1: Gain +Rank to Nether-Weaving crafting rolls.

Rank 2: Gear may blur, phase, or become partially incorporeal for Rank turns.

Rank 3: Resistance to void, shadow, or dimensional disruption increases by +Rank.

Rank 4: Cloaks and robes gain folds or layers storing spells or shadow-stuff.

Rank 5: On a critical success, item bridges dimensional space (e.g., teleport, hide in fold).

Ritual Architecture

Governing Stats: BDY + MND

Requires: Masonry Rank 2, Scribing Rank 1

Description: Construction of chambers, monuments, or field anchors that enhance magical rituals and long-duration effects.

Rank Benefits

Rank 1: Gain +Rank to Ritual Architecture crafting rolls.

Rank 2: Structures amplify ritual effects by +Rank range, duration, or scale.

Rank 3: May embed Rank magical conditions (e.g., timed, moon-aligned, proximity-based)

Rank 4: Ritual sites may draw energy from terrain or ley lines equal to Rank.

Rank 5: On a critical success, structure channels multiple rituals or affinity types simultaneously.

Runic Carpentry

Governing Stats: BDY + MND

Requires: Carpentry Rank 1, Rune-Smithing Rank 2

Description: Embedding magical runes into wood-based items such as bows, trapdoors, or enchanted furniture.

Rank Benefits

Rank 1: Gain +Rank to Runic Carpentry crafting rolls.

Rank 2: Rune-inscribed wooden gear gains +Rank resistance to magic damage.

Rank 3: May store Rank spell charges into wooden structures (delayed release or reaction).

Rank 4: Weapons crafted may hold temporary +Rank enchantments or affinity bonuses.

Rank 5: On a critical success, furniture or structures may animate, ward, or respond to spell effects.

Shadowcraft

Governing Stats: MND + SPT

Requires: Weaving Rank 1, Enchanting Rank 2

Description: Gear infused with shadow and silence — stealthy cloaks, void weapons, and dimensional threads.

Rank Benefits

Rank 1: Gain +Rank to Shadowcraft crafting rolls.

Rank 2: Gear gains +Rank to Stealth or Concealment when used in dim light or darkness.

Rank 3: May embed Rank affinity suppression or vision-dampening enchantments.

Rank 4: Items may vanish, phase out, or silence actions for Rank rounds.

Rank 5: On a critical success, gear creates shadow pockets or folds space for short teleport.

Soulsteel Artifice

Governing Stats: BDY + MND

Requires: Bonecraft Rank 2, Enchanting Rank 1

Description: Creation of weapons and tools infused with spirit echoes, soul fragments, or necrotic energies.

Rank Benefits

Rank 1: Gain +Rank to Soulsteel crafting rolls.

Rank 2: Gear may drain HP on hit or absorb a portion of magical damage (up to Rank/encounter).

Rank 3: You may bind spirits to crafted items for +Rank utility or curse traits.

Rank 4: Items store emotional states or echo damage over Rank turns.

Rank 5: On a critical success, item houses a sentient fragment or grants access to wraith-based abilities.

Star-Infusion

Governing Stats: MND + BDY

Requires: Meteorics Rank 2, Crystallography Rank 1

Description: Gear forged from star-metal and crystal matrices for cosmic durability and power.

Rank Benefits

Rank 1: Gain +Rank to Star-Infusion crafting rolls.

Rank 2: Items resist radiation, light, and cold by +Rank.

Rank 3: May glow with intensity or charge based on ambient magic or astral phase.

Rank 4: Create radiant weaponry or aura-charged armor.

Rank 5: On a critical success, item warps local space, granting vacuum resistance, levitation, or comet-speed strikes.

Symbionics

Governing Stats: BDY + SPT

Requires: Bonecraft Rank 1, Engineering Rank 2

Description: Fusion of biological and mechanical elements into self-responsive gear or grafted tech.

Rank Benefits

Rank 1: Gain +Rank to Symbionics crafting rolls.

Rank 2: Items may be bonded to user for +Rank response time or reaction bonus.

Rank 3: Crafted gear may share sensory input or limb motion with user.

Rank 4: May embed up to Rank minor adaptive traits (e.g., night vision, tremor-sense).

Rank 5: On a critical success, gear evolves based on damage taken or terrain encountered.

Voltaic Engineering

Governing Stats: SPT + MND

Requires: Engineering Rank 2, Alchemy Rank 1

Description: High-energy constructs, shock-based weapons, and capacitor-driven gear.

Rank Benefits

Rank 1: Gain +Rank to Voltaic Engineering crafting rolls.

Rank 2: Electrical effects gain +Rank to damage or duration.

Rank 3: Crafted items may store +Rank energy charges for later release.

Rank 4: Effects may arc to additional targets or trigger off metal contact.

Rank 5: On a critical success, item generates a sustained aura or storm field effect.

Verdant Binding

Governing Stats: BDY + SPT

Requires: Gardening Rank 2, Tailoring Rank 1

Description: Creation of living or regrowing gear made of plants, vines, bark, and seasonal flora.

Rank Benefits

Rank 1: Gain +Rank to Verdant Binding crafting rolls.

Rank 2: Crafted items may regrow HP, durability, or DR at +Rank rate per day.

Rank 3: May respond to environment — resisting fire, cold, or dryness based on Rank.

Rank 4: Items may grow new functions (e.g., vine grapple, thorn burst) as Rank actions.

Rank 5: On a critical success, gear adapts to season, moon, or terrain type dynamically.
